I love the flavor of amaretto—especially when it's paired with chocolate. In this hot chocolate, we skipped the actual amaretto and added almond extract instead to get a similar flavor with far less calories.

Ingredients

- 2 cups 1% milk
- 80 grams milk chocolate
- ¼–½ teaspoon almond extract, depending on your preference

Directions

1. Heat the milk in a small pot over medium heat.
2. Add in chocolate and almond extract and stir until chocolate is melted and milk is warmed to your desired temperature.
3. If you'd like, you can also simply heat the milk in the microwave for about 1 minute, add the remaining ingredients, then stir until the chocolate is melted.
4. Enjoy!
